Company Profile

C-Pro Tool, Inc. was established in 2005 by Robert Crawford and Wendell Proper. Formerly Crawford Tool & Die, C-Pro Tool is a fully equipped tool and die shop that offers a wide range of precision tooling such as mold plates and cores, dies, fixtures, and machine parts. We specialize in custom flat ground stock, with a large inventory of many popular tool steels in stock.

Our experienced toolmakers provide quality products and exceptional service for a variety of large and small companies. We are a dedicated, reliable partner in the tool and die industry and welcome your requests for quotes by phone, fax, or email.

Service

C-Pro Tool provides competitive pricing and excellent delivery time of quality parts. We strive to provide the best service at the best price. C-Pro Tool company's goal is not only to meet, but to exceed, customer expectations.

C-Pro offers the following services:

- Custom Precision Flat Ground Stock
- Form Grinding
